# AT GRANITE SETTS UK WE SUPPLY GRANITE SETTS, TILES, COBBLES AND KERBS THAT WILL TRULY STAND THE TEST OF TIME.

This UK-based company was set up with the aim of providing UK businesses and homeowners with high-quality granite at affordable prices.

Granite Setts UK is a family-run business, yet has a real wealth of experience when it comes to helping customers to shape their landscaping vision.

At Granite Setts UK we combine the provision of high-quality services with the supply of high-quality materials.

**All granite supplied by Granite Setts UK conforms to EN1342:2012 and comes with a Declaration of Performance. <sup>CE</sup>**

## WHY CHOOSE GRANITE?

- Creates a stunning finish with a huge amount of character
- Unrivalled durability, even in areas of high traffic
- Granite Setts and Cobbles will not crack under vehicle loading
- Natural colouring that doesn't fade, with a timeless, appealing quality
- Extremely versatile – effective in a number of applications and patterns for design
- Incredibly low maintenance and will last a lifetime
- Slip resistant surfaces
- Custom made designs and creations available
- Vast range of colours and finishes
- **Unbelievable value - Granite Setts for a 100m<sup>2</sup> driveway can be bought for as little as £2,400**

Granite is a wear-resistant and hard-working stone that has been used for hundreds and hundreds of years to create roads, paths, trails and driveways. You can use it to create design elements within your garden, an appealing edging to your drive, or just for a simple path or wall.

Granite will create head-turning external paving that will retain its good looks for years and, due to natural variations, add real character. Granite is both affordable and durable, and will create an impressive finish that just cannot be matched if you choose lower-grade products.

# YOU WILL BE DELIGHTED ONCE YOU'VE EXPERIENCED OUR PREMIUM-GRADE GRANITE AND OUR EXTREMELY COMPETITIVE PRICES.

Granite Setts UK can provide you with a stunning, high quality collection of granite setts, tiles, cobbles and kerbs that will truly stand the test of time. With granite, you can ensure that there will be no cracking due to subsidence or damage from the elements. Granite will last up to ten times longer than your average block paving.

We supply premium-grade granite setts, cobbles, tiles and kerbs at extremely competitive prices from our Portuguese quarry. All our products are fabricated on site by a team of expert stone masons and come in a wide range of colours and finishes.

## GRANITE SETTS

Granite setts are a quarried stone that were traditionally used for paving roads. They are now a popular choice for a number of different applications, including driveways, paving, path edging and for many aspects of landscape architecture.

Our granite setts will enable you to capture the traditional charm of granite, and to bring a little bit of history to your home or commercial property. Granite Setts UK can help you achieve something that looks traditional but that is resistant enough to bear the pressure of modern traffic.

We can supply granite setts in the following colours:

- Silver Grey • Pink • Yellow Gold • Dark Grey • Black Stone • Fine Grain

## GRANITE TILES

Granite tiles are also naturally suited for the UK's typical climate, especially during the coldest months, they are resistant to both frost and water damage. They are not just practical too of course - whatever application you put them to, you'll create something that is stunning to behold. Granite tiles are the ideal choice when it comes to driveways, paths and patios.

At Granite Setts UK we can offer you a range of tiles in all manner of styles and colours. With a tight grain yet even texture, tiles can add a subtle shine to your design applications.

We can supply granite tiles in the following colours:

- Silver Grey • Pink • Yellow Gold • Dark Grey • Black Stone • Fine Grain

## GRANITE KERBS

To complete your pathway, driveway or garden, there's really no better choice than a granite kerb - a stone that marries strength and natural beauty so well. Granite kerbs will add character to your property, combining traditional appeal with contemporary looks. These kerbs will also perform the job they are designed to do, effectively, and for many years.

You can use granite kerbs with our range of setts and cobbles to create something that looks stunning.

Our high quality products are ideal for both commercial and residential applications. You can use granite kerbs to create borders and divisions that will divide your external areas into defined spaces in a way that simply looks natural.

We can supply you with granite kerbs using the following stones; all designed to frame and complement our range of granite setts, tiles or cobbles:

- Grey Chamfer Granite Kerbs • Grey Curved Granite Kerbs • Grey Rustic Granite Kerbs
- Grey Straight Granite Kerbs • Yellow Rustic Granite Kerbs • Yellow Straight Granite Kerbs

## GRANITE COBBLES

For a really distinctive appeal for your project, either residential or commercial, choose granite cobbles, which allow you to create stunning paving with a timeless feel.

Granite cobbles have the versatility to be used to provide solutions for commercial projects including roadways and pavements as well as being incredible popular for communal areas within office and property developments.

We can supply granite cobbles in the following colours:

- Silver Grey • Pink • Yellow Gold • Dark Grey • Black Stone • Fine Grain

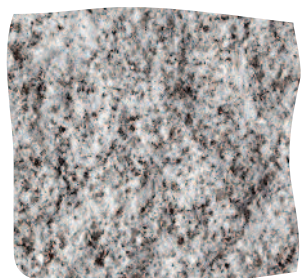

We maintain a close working relationship with our quarry in Portugal and our senior management team undertake regular visits to make sure the standards we demand are being adhered to. For larger scale projects, we can arrange visits for clients to our quarry and factory if required.
